Speaker

Dr. Steve O'Brien, is a clinical psychologist with over 20 years of experience treating children with a variety of anxiety disorders, including Separation Anxiety, Generalized Anxiety and Obsessive-Compulsive Disorder. He specializes in treating children with co-occurring disorders, especially those who struggle with both anxiety and ADHD or Autism.

Dr. O'Brien utilizes an eclectic approach which tailors treatment to the developmental level of both children and parents. His approach integrates individual child therapy with intensive parental and familial interventions. Dr. O'Brien has worked in a variety of clinical settings including community mental health centers, psychiatric hospitals and medical clinics. He earned his Psy.D. at Nova Southeastern University and received specialized training in applied developmental psychology. Dr. O'Brien incorporates pediatric and child psychiatric consultation into his therapeutic work. He served as associate professor at the Florida School of Professional Psychology at Argosy University from 2000 to 2016. While at the university, Dr. O'Brien developed a unique doctoral level course, 'Parent Consultation', designed for graduate students specializing in child/family therapy. In 2015, he developed Life@Home, an innovative clinical tool/app for obtaining a child's perception of family life. Dr. O'Brien also serves as a media consultant for Bay News 9, Tampa Bay's 24-hour news source.

Speaker Disclosure:

Financial: Steve O'Brien is in private practice. He receives a speaking honorarium from PESI, Inc.

Non-financial: Steve O'Brien is a member of the American Psychological Association; and the Florida Psychological Association.

Objectives

- Articulate how behavioral-driven choices differ from mental health-driven behaviors and characterize how these differences inform your choice of intervention.
- Communicate the effective uses of medications and potential side effects that can appear as misbehaviors.
- Implement various school-based strategies, used in collaboration with community clinicians, to intervene when behavioral issues arise from mental health conditions.
- Determine effective positive behavior support strategies to successfully discipline the special needs child.
- Discriminate how IDEA relates to mental health issues and discipline.
- Apply communication techniques that create a climate for success inside and outside the classroom.
