Tai Chi for Rehabilitation: Instructor Certification Course

In this exclusive 2-day seminar, Patricia Lawson – a Master Trainer in Tai Chi – guides you through the research, benefits, and movements of Tai Chi for Rehabilitation (TCR). Upon completion of the hands-on training, you become a board-certified Tai Chi for Rehabilitation instructor through Dr. Paul Lam's Tai Chi for Health Institute and join a growing community of Tai Chi instructors around the world. Ms. Lawson equips you with the relevant tools and techniques to incorporate into any patient's treatment plans. Such a plan reduces the fall risks in your clients, decreases debilitating pain, and leads to improved functional outcomes and goal achievement. Adding this reimbursable therapy to your toolbox will immediately enable you to provide an additional modality to enhance patients' stability, flexibility, posture, balance, and coordination.
