ROCKTAPE CERTIFICATION SERIES

Movement is key to all healing, whether you are working with an elite athlete or someone recovering from a car crash.

RockTape certification workshops are taught by industry-leading experts in movement assessment and therapy. These hands-on courses present a revolutionary way of thinking about how we move and how we injure. They integrate innovative mobility and stability strategies, along with movement-based, practical treatment frameworks - to deliver **RESULTS**.

Learn about these certifications and more at www.pesirehab.com:

- Kinesiology Taping Practitioner Certification
- Advanced Kinesiology Taping Practitioner Certification
- Pediatric Kinesiology Taping Certification
- Geriatric Kinesiology Taping Certification
- IASTM Practitioner Certification
- Advanced IASTM Practitioner Certification
- Myofascial Cupping Practitioner Certification
- Compression Band Flossing Practitioner Certification

Myofascial Cupping Practitioner Certification

Become a **Certified Myofascial Cupping Practitioner** in this hands-on course, and learn everything you need to know to begin offering cupping services the next day.

- ✔ **Boost your credentials** without going back to school
- ✔ **Practice proven cupping techniques** that get results fast
- ✔ **Learn effective treatments** for pain, sprains/strains, swelling, tendinopathies and more
- ✔ **Grow your business and join an elite network** of therapists and trainers

This event is a member of RockTape's Functional Movement Techniques (FMT) Certification Series.

A NON-PROFIT ORGANIZATION CONNECTING KNOWLEDGE WITH NEED SINCE 1979

Become a Certified Myofascial Cupping Practitioner in this hands-on course powered by RockTape, and boost your credentials as you learn everything you need to know to offer cupping services the next day.

Myofascial Cupping Practitioner Certification teaches the fundamentals of modern cupping techniques through a full day of interactive labs. Learn how to combine cupping and functional movement to produce the kinds of active treatment strategies that are revolutionizing rehab. Discover effective cupping treatments you can use for pain, sprains/strains, swelling, tendinopathies, and more.

Speaker

JESSICA HILL, PT, DPT, CSCS, is a physical therapist who received her BA in biology and psychology at Dartmouth College. She completed her professional training at Simmons College where she earned her Masters Degree in physical therapy and her Clinical Doctorate Degree in physical therapy in 2002. She is a Certified Strength & Conditioning Specialist (CSCS) through the National Strength & Conditioning Association, certified Specialized Functional Movement Assessment (SFMA) level 1 practitioner, certified Functional Movement Screen (FMS) level 1 practitioner, and a certified Functional Movement Techniques provider through RockTape. Dr. Hill has 15 years of clinical experience in general orthopedics, sports medicine, industrial rehabilitation, pre-/post-surgical care, performance enhancement, wellness training, and injury prevention. She works with patients of all ages and across all activity levels from highly sedentary people to highly active populations including national caliber/professional/semi-pro/collegiate athletes, extreme and ultra-athletes, law enforcement, and military. Dr. Hill co-founded a group of highly successful outpatient physical therapy practices in VT before starting a solo, concierge practice in NYC.

Dr. Hill evaluates and treats with a whole-body approach that combines knowledge and understanding of localized anatomy and function within the context of full body structure, function, and movement patterns. She works to restore compromised mobility, strength, stability, and movement patterning through a variety of manual techniques, IASTM, active modalities, progressive exercise, taping, and education. She enjoys solid rapport with her patients and clients, clinical problem-solving, and watching her patients and clients progress to the activities they need to do, want to do, and aspire to do.

Dr. Hill is a self-professed "biomechanics, kinetic chain, fascial train, feed the brain enthusiast" who never tires of learning new treatment and training techniques, perspectives, and the latest the medical literature has to offer. She is an avid skier (telemark), cyclist, ice hockey player, photographer, and outdoor enthusiast. She will read anything an arm's length away. She lives by the guiding principle to, "Always leave it better than I found it, regardless of what it is."

Speaker Disclosure:

Financial: Jessica Hill maintains a private practice. She receives a speaking honorarium from PESI, Inc.

Non-financial: Jessica Hill has no relevant non-financial relationships to disclose.

Objectives

- ◆ Review the principles of myofascial cupping and supporting evidence.
- ◆ Describe the physiological and neurological effects of cupping.
- ◆ Demonstrate how to apply cupping for best results.
- ◆ Compare and contrast common cupping techniques and review indications/contraindications for each.
- ◆ Demonstrate how cupping techniques can be combined with corrective exercise to improve pain, sprains/strains, swelling, tendinopathies, and more.
- ◆ Develop cupping applications based on your assessment/treatment approach and the individual needs of your patient.

PESI, Inc. is proud to offer this seminar (at these locations only) free of charge (on live seminar tuition) for veterans and active duty military personnel. **Limited seats available; advance online registration required.**

ORDER TODAY! [FREE SHIPPING WHEN ORDERED WITH YOUR SEMINAR REGISTRATION]

Myofascial Cupping Starter Kit

Kit Includes one of each:
 RockPods Cupping Set
 RockSauce® Fire
 RockSauce® Ice

Forget complicated pumps and hoses - RockPods are designed to easily unlock entirely new ways to unstick and manipulate fascia to reduce pain, improve range of motion and increase athletic performance. Increase effectiveness and provide immediate relief with RockSauce® Fire and RockSauce® Ice - powerful muscle & joint pain relief topical.

Questions? Call customer service at 800-844-8260

Hassle-Free Cancellation Policy: If you contact us before the event date, you can exchange for a DVD on the subject (self-study continuing education credit may be available), a certificate to attend another seminar, or receive a tuition refund less a \$30 cancel fee. Substitutions are permitted at any time.

Seminar on DVD Package: You can purchase a self-study package on the subject. You will receive a set of DVDs that include a digital copy of the seminar manual and post-test/evaluation. You and your colleagues can receive CE hours for a nominal fee. To determine if homestudy credits are available for your profession go to www.pesirehab.com or call 800-844-8260. Check with your licensing board to verify acceptance of self-study credits for license renewal. Order today by using the order form on this brochure or by calling 800-844-8260.

Live Seminar Continuing Education Credit Information

Credits listed below are for full attendance at the live event only. After attendance has been verified, pre-registered attendees will receive an email from PESI Customer Service with the subject line, "Evaluation and Certificate" within one week. This email will contain a link to complete the seminar evaluation and allow attendees to print, email or download a certificate of completion if in full attendance. For those in partial attendance (arrived late or left early), a letter of attendance is available through that link and an adjusted certificate of completion reflecting partial credit will be issued within 30 days (if your board allows). Please see "LIVE SEMINAR SCHEDULE" on this brochure for full attendance start and end times. NOTE: Boards do not allow credit for breaks or lunch.

If your profession is not listed, please contact your licensing board to determine your continuing education requirements and check for reciprocal approval. For other credit inquiries not specified below, or questions on home study credit availability, please contact cepesi@pesi.com or 800-844-8260 before the event.

Materials that are included in this course may include interventions and modalities that are beyond the authorized practice of mental health professionals. As a licensed professional, you are responsible for reviewing the scope of practice, including activities that are defined in law as beyond the boundaries of practice in accordance with and in compliance with your profession's standards.

PESI, Inc. offers continuing education programs and products under the brand names PESI, PESI Healthcare, PESI Rehab and Psychotherapy Networker.
